

Jesus Is Strength & Peace

The past week has revealed a variety of reactions to the governmental restrictions for COVID-19. Some question the governor's authority to infringe on people's rights. Owners of closed businesses are innovatively operating. Some people are completely secluded, wearing masks, and having their children deliver food to them. Others are walking nearly deserted streets, driving for groceries, and working projects at home. I told a neighbor that I see she and her husband walking but not together. She said they have had enough time together. I hear and read about people sharing food or giving money to those who have none. Dr. Fauci, NIAID Director, expects schools to resume in the Fall, but silent on normality of life.

This is a stressful time, but the Lord, Yeshua Hamashiach, is our strength and peace. For whatever circumstance you are experiencing, trust the Lord. Keep your focus on Him. He will provide!! He will not fail you!! Shalom

Romans 15:13, Psalm 29:11, Hebrews 11:1
