

A light to my path. Psalm 119:105

Negativity Is A Weed!

Complaining and criticizing grow out of the soil of negativity. They are like thistles and thorns, respectively, used to irritate and hurt others. Uncertainty about something feeds complaining and criticizing, giving them strength. However, you can be certain that God is always with you, holding you by your hand (Psalm 73:23).

When you feel uncertain, do not complain, or criticize. Instead, look to Jesus, the author and finisher of your faith, who endured the cross for you (Hebrews 12:2). You shall be blessed in all you do when you look pass the world's demand to Jesus, the supply; trusting Him for all you need. Shalom!
