## Who Protects You from Storms?

I remember a painting of an eagle sitting on her nest, secured in a hole of a cliff at the ocean's edge. In the nest were eaglets. A storm was raging. As it lashed the cliffs, the eagle sat firmly protecting her young, who were sleeping peacefully. Our country is under attack with fierce lashings from an enemy that looks like people. It is a spiritual enemy that has a goal to destroy our country. Our ABBA has the righteous protected. Remain in His Presence and you shall have peace. I bless you with ABBA's word from Psalm 27:13, "I would have lost heart, unless I had believed that I would see the goodness of the LORD in the land of the living." America is our "land of the living." Stand and see the salvation of Yeshua, for God is our refuge. Shalom!!

Psalm 27:13, Mark 4:35-41, Exodus 14:13
