

### Woman in a Pit

In my dream I saw a deep pit with three pipes sticking out of it. They formed a triangle. It seemed that this was a construction pit and electrical wires were to go through the pipes. Then I saw a woman lying on a blue sheet. She rolled over onto what appeared to be plastic. The woman fell into the pit, which was very deep. I looked into the pit and saw that the woman was alive. Then, I ran to find something or someone to help me get her out of the pit. I was going for a long rope in my garage, then remembered that I had left it at my daughter and son-in-law's home. I ran into a building looking for someone to help when I found a man and told him about the woman. Another man came with an exceptionally large net that folded, but I knew that would not work in the pit. Several men had arrived to help. One of the men told me that the woman was dead.

### Meaning of the Dream:

While I was praying Psalm 91 over Elisheva\*, Enas\*, and Devira\* for this dream, Abba showed me that the pit with the pipes is Elisheva's heart and arteries without life blood flowing. Instead, drugs were flowing. It was Elisheva who had rolled over and fell into the pit. Elisheva awoke suddenly from sleep with a desire to get out of the pit. She will go to Devira's house, to ask Enas to forgive her for trying to get her into drugs. Elisheva will tell Enas that Devira was right, and she was wrong. She will tell Enas that Devira is the best mom they have ever had, and that Devira loves them.
