

A light to my path. Psalm 119:105

Unforgiveness!

The greatest sickness is unforgiveness!! The greatest cure is FORGIVENESS!!! Unforgiveness is a cancer of the spirit's heart not of the physical body. However, unforgiveness will metastasize like malignant cells of the body, and can adversely impact the physical body.

The one who hurts us is not suffering the sickness of unforgiveness. It is we who have been hurt that suffer such sickness. Therefore, we who have been hurt must speak forgiveness to the one who has hurt us. This sickness is stopped only by speaking forgiveness. Stopping unforgiveness does not depend upon someone accepting our spoken forgiveness. This sickness stops when forgiveness is spoken by the one who has been hurt and is holding unforgiveness in their heart.

To forgive is Christ for He paid for all mankind to be forgiven, as He has forgiven them.

To those who are suffering the sickness of unforgiveness, I reach out touching you with the healing power of Abba's love, in Jesus' names. You shall be freed from the sickness of unforgiveness when you speak forgiveness. Shalom!!
