

A light to my path. Psalm 119:105

Jesus Wept

Jesus wept over the city of Jerusalem and at the tomb of Lazarus. The God who created man, including the tears that he would shed in times of sorrow, silently burst into tears out of grief and sorrow for people who allowed themselves to be pawns in Satan's hands. Through Jesus, His Son, God showed His deep heartfelt love for all people He created. This love was demonstrated through healing physical bodies, feeding people with physical and spiritual food, freeing them from demonic evil, and paying the ultimate price for the sin into which they had been thrown by Adam's disobedience. Yet, these same people cried for his death, and many still reject Him today. I speak this blessing of truth over you that when you know Jesus as your Redeemer, Savior, and Lord, nothing can separate you from Him. Shalom!!
