

A light to my path. Psalm 119:105

Look Unto Jesus!

In this world, we will have trouble!! If it were not so, we would not be dealing with issues of life that are in our faces daily. Trouble comes in varying degrees of difficulty and pain. More than 3,500 years ago, the Hebrew people were struggling with biting fiery serpents. God told Moses to craft a bronze serpent and put it atop a pole. People bitten by the serpent were to look at the bronze serpent with concentration. Those who did lived. Bronze means judgment. Jesus was lifted on a cross for our judgment. In the face of our daily issues, we are to fix our eyes on Jesus. He is the author and perfecter of our faith. Consider His endurance of great opposition from sinful men, and do not let your heart be troubled or afraid. I bless you with the healing power of Abba's love which comes to you through Jesus. Shalom!!
