## Poor in Spirit!

The extraordinarily rich, such as the Rothschilds' net worth of \$500 trillion, <sup>[1]</sup> do not ensure that their spirit is rich. Those with little income often must decide between paying utilities or eating does not give them a poor spirit. *Poor in spirit* is not about self-sufficiency. God is a Spirit. We are a spirit made in God's image. Our spirit is the essential entity through which our bodies have life. The vital signs of a rich spirit are born-again, spiritual insight, and right belief. <sup>[2]</sup> Possessing these vital signs gives the blessing. Through that blessing, we live a victoriously prosperous life in this world. The word kingdom in Matthew 5:3 means reign over the affairs of this life, and heaven means to cover. <sup>[3][4]</sup> Jesus stated that His Father's kingdom would come to earth and be as it is in heaven. Therefore, Beloved, focusing on the vital signs of your spirit will bless you! Shalom!!
