

A light to my path. Psalm 119:105

Stand on God's Faith!

I learned earlier this week that Wendy, a sister in Jesus, was suffering from post-op back pain. Pain screams at you, drowning out God's still, small voice. I experienced pain in 2007 when a urologist diagnosed my painful, burning bladder issue as interstitial cystitis. My prognosis was expensive medication for the rest of my life. I was sixty-eight years old. In 2008, a brother in Christ Jesus prayed for the healing of my bladder. I stopped taking medication and stood on God's faith. Over the next four years, painful attacks came, and I shouted, "Devil, God has not brought this pain. It is from you. If this is all you can do, up the ante because I am not giving in to you." Prayer and scripture reading brought relief (Philippians 4:7, NKJV). The battle continued until 2012, when I had longer periods of relief. Since 2012, I have not suffered from interstitial cystitis. Jesus paid for my healing. I had to stand in the heat of battle on his faith while he brought my healing in intermittent blessings (Exodus 14:14). God still heals by miracles. You may live with a continuing sickness. Take comfort from God's word, talk to him in prayer, as you stand on his faith. God sees our faith and comforts us his way in his timing (Isaiah 40:29). I pray your healing will soon manifest. Join me in prayer for Wendy to stand on God's faith in her battle with pain. God is healing her and you!
Shalom!!
