

A light to my path. Psalm 119:105

### **Wisdom is a Tree of Life!**

Merriam-Webster defines wisdom as the quality of having experience, knowledge, and good judgment. Being wise is in how one applies experience, knowledge, and good judgment. Wisdom dwells with prudence, and finds knowledge and discretion (Proverbs 8:12, NKJV). Where does wisdom come from? She was before the primal dust of the earth came, existing before the mountains, oceans, universe, plants, animals and human species (Proverbs 8:22-30). She cries out, raising her voice through the creation we see, and the compassion people show to one another. Wisdom walks our streets and travels our highways. Her words call to us in our homes, places of employment, businesses, schools, courthouses, state and federal capitals. Wisdom is more precious than rubies (Proverbs 8:11). A 5-carat ruby costs \$250 thousand dollars. An ounce of gold costs \$4 thousand dollars. An ounce contains 141 carats. Her value is eternal truth (Proverbs 4:7). Wisdom is an invaluable virtue that runs deep in a person's integrity. It is immeasurable, making it rare in today's world. We get wisdom through our relationship with Jesus. He personifies wisdom (Proverbs 1:7, 1 Corinthians 1:24, John 1:3). Throughout this new year, may your character and actions reflect a life of wisdom as you walk with Jesus (Proverbs 3:13-18).  
Shalom!!
